

MEMORANDUM OF AGREEMENT
BETWEEN THE
UNITED STATES SPECIAL OPERATIONS COMMAND
AND THE
UNITED STATES MARINE CORPS

1. **PURPOSE:** The purpose of this Memorandum of Agreement (MOA) between the United States Special Operations Command (USSOCOM) and the United States Marine Corps (USMC) is to reconstitute the USSOCOM/USMC board. This board will provide a forum for special operations forces (SOF) and USMC to interface and coordinate with regard to common mission areas and similar procurement initiatives.

2. **BACKGROUND:**

a. In 1993, at the initiative of the Commander in Chief, USSOCOM (USCINCSOC), an MOA for a USSOCOM/USMC board was established. This initiative was designed to provide a medium for effective communication between SOF and the Marine Corps. More important, it assisted in providing effective employment for the complementary capabilities of our nation's crisis response forces.

b. The board met six times from 1993 to 1996. The following years saw a decline in the interaction between USSOCOM and USMC. The next and final board meeting was in March 1999. This meeting took place at the action officer level and resulted in no specific coordination or issue resolution for further development of the now outdated MOA.

c. Presently, Headquarters (HQ) USSOCOM and HQ Marine Corps (HQMC) have agreed to reconstitute the previously existing USSOCOM/USMC board. This document serves as the new MOA.

3. **FUNCTIONS:**

a. To examine current capabilities and missions in order to leverage the unique capabilities of each organization, thus enhancing interoperability.

b. To establish and continue an interface between the Joint Special Operations Command (JSOC) and deploying Marine Expeditionary Unit (MEU) staffs.

c. To establish and continue an interface between theater special operations commands (SOC) and deploying MEU staffs.
